**Bloom Color** Light Pink

**Bloom time** Summer

**Deer Resistant** Yes

**Price : \$10.00**

Price includes 6% MD sales tax

**USDA Hardiness Zone** 5 - 8

### Description

Thalictrum 'Nimbus Pink' is the light pink-flowered form of the amazing Nimbus meadow-rue series. Meadow-rue is an exceptionally beautiful perennial that shines in a moist woodland setting. Plants have delicate, lacy blue-green foliage. The 28" tall fleshy stems are topped with a stunningly frothy display of mauvy pink flowers. Despite the delicate appearance, it is fairly tolerant of warm, humid summers. Blooms the first year, but much better after a winter chill. Attractive to butterflies, it prefers partial to light shade, but will tolerate sun if given sufficient moisture.
